

PATHAN ALI AZGAR LEO

Dhaka, Bangladesh | 01865931523 | leopathan5555@gmail.com | github.com/leopathan5555

OBJECTIVE

Computer Science and Engineering student seeking an internship opportunity to apply skills in Java, JavaFX, and database systems, and to contribute to real-world software development while continuing to grow as an engineer.

EDUCATION

East West University

Dhaka, Bangladesh

B.Sc. in Computer Science and Engineering — Expected Graduation: 2028

Currently in 7th Semester | CGPA: 3.00

Govt. Ashek Mahmud College, Jamalpur

Higher Secondary Certificate (HSC) | GPA: 4.42

Jamalpur High School

Secondary School Certificate (SSC) | GPA: 5.00

PROJECTS

Student Record Management System

Academic Project

JavaFX, Java (OOP), CSV File Handling

GitHub: github.com/leopathan5555/Student-Record-Management-System

- Built a JavaFX desktop app with full CRUD functionality, real-time TableView updates, multi-field search (Name/ID/Department), and CSV-based data persistence.

TA Management System

Academic Project

Oracle APEX, Oracle Database (PL/SQL / SQL)

GitHub: github.com/leopathan5555/TA-Management-System

- Developed a web-based TA management system on Oracle APEX with a custom authentication scheme using SHA-256 hashed credentials, validated via a dedicated PL/SQL function.

TECHNICAL SKILLS

Programming Languages: C, Java

GUI Development: JavaFX

Database: Oracle Database

Development Tools / IDEs: Eclipse, NetBeans, Code::Blocks, Oracle APEX

Design Tools: AutoCAD

Productivity Tools: MS Office (Word, Excel, PowerPoint)
